Editorial

We thank the readers of the news letter that comes from WARDS news desk. This news letter is published every quarterly from WARDS Special School detailing the events and activities at WARDS. We also thank the readers for giving us the feedback of our news letter to improve the quality of the news letter. Most of our readers are aware that WARDS management has taken up the construction of a new building to improve the facilities for the children at WARDS. The management at WARDS requests all the readers to take a moment to think about all our special children and our struggle to provide the facilities for our special children so that they get the care they deserve. Please come forward and give us your helping hand financially or in kind to take the construction forward and help us complete it for our special children.
